Requests received during the add/drop period should be available September 30 for the fall term and January 31 for the winter term. See also "Withdrawal from Courses" under the Academic Information section on page 59.

Refunds for residence fees are detailed in the residence agreement. Refunds are less the Residence Deposit, regardless of whether it was paid in advance.

A Refund Appeals Committee exists for the consideration of exceptional circumstances surrounding a refund. Appeals must be submitted during the term to which they apply. 'Refund Appeal' forms and further information are available from the Registration and Student Finance Office.

CERTIFICATION OF STUDENT RECORDS

All certification of a student's record (including degrees, diplomas and transcripts) will be withheld until amounts owing to the University are paid in full and/or University property assigned to the student has been returned and/or documents required by the University are received. In addition, registration in future terms may be withheld, at the discretion of the Registrar.

PAYMENT DEADLINES AND OPTIONS

PAYMENT DEADLINES

Payment for each term is due on Registration Confirmation day. If you have not made the first payment as outlined below and confirmed your registration on or before the 5th class day of the term, we will assume that you have had a change in plans and will not be attending courses for that term and we will remove you from classes. You will have the opportunity to re-register until the 7th class day of each term. Any remaining outstanding balance on your account must be paid by the last date of the payment option. If full payment is not received by that date, you will be withdrawn from your courses and may not write final exams.

In those rare instances a student is permitted to retain a registration after the payment deadline, a late payment penalty of 1.5% per month (19.56% per year) will apply on all amounts outstanding. Interest will be charged monthly until the balance is paid in full.

PAYMENT MECHANISMS

King's accepts payment through online banking, Interac (online or in person) or in person by cheque, bank draft or cash. Credit card payments will be accepted only for mandatory non-refundable deposits, application fees, bookstore purchases, and miscellaneous charges and fines. Students may use credit cards to make payments online through PlastiQ (www.plastiq.com), please note that service charges will apply.

PAYMENT OPTIONS

One Course Only

If you are enrolled in 3 or fewer credits, your tuition, residence and meal plan (if any) and mandatory fees are due in full by Registration Confirmation in the relevant term.

More Than One Course

If you are enrolled in more than 3 credits, you have two options for paying your tuition, residence and meal plan and mandatory fees.

OPTION A: One Payment per Term

Full payment on or before Registration Confirmation day each term. We will deem students who have not set up a pre-authorized debit plan as having selected Option A.

OPTION B: Monthly payments during the Term

Note: Option B is not available to students participating in Off-Campus Programs (see page 53 for more details).

This option is selected by signing up for a pre-authorized debit plan. Payments are processed through

automatic withdrawal from your Canadian bank or credit union. There is a fee charged per payment plan.

King's will establish the monthly payment dates and amounts once we receive notice of your approval for the pre-authorized debit plan, and you have confirmed your registration. Your first payment, which is paid directly to King's, is due on or before your registration confirmation date. Payments at the beginning of each month will be required thereafter; our external installment provider will automatically withdraw these payments from the bank account you have provided.

The King's University offers Option B at no interest if the payments are received on time. Should you fail to keep your payment arrangement in good standing, you will incur interest charges of 19.56% per annum calculated back to the date of your Registration Confirmation. Further, you will not be eligible to have a monthly payment arrangement in the subsequent term.

Students can increase their payments by submitting a request to Registration and Student Finance Office at least 3 business days in advance of the payment date.
