AUDIT (AU)

A student may attend classes in a given course without receiving credit under the following conditions.

- Permission of the course instructor, or alternately the faculty dean, must be obtained and submitted to the Registry in writing. The Registry has a specific form for this purpose; see <http://registry.kingsu.ca>. Note that obtaining instructor permission does not guarantee registration in that course.
- Priority is given to students registered for credit. Should a course be full and have a waitlist, auditors will be removed and may be added to the course only at the add/drop deadline.
- A student may audit a course or course component that is by its nature practical or applied, except for applied music, but in such cases the audit fee shall be the same as the normal tuition fee. Instructors may also impose other conditions on student participation in practical or applied components for safety reasons.
- A student who audits a course must attend at least 80% of the class sessions of that course to receive the audit notation on a transcript unless specific, written alternative arrangements are arrived at between the instructor and the student.
- A grade of AU is assigned for successful completion of the audit requirements. "Audit notation denied" appears for students who have not completed requirements. AW is assigned for students who withdraw from an audited course.
- Audited courses will not be considered as meeting pre- or corequisites for any course or program at The King's University College.
- A student may not audit any course which he or she has previously attempted for credit or audit.
