To obtain a refund, King's requires the *Request for Refund* form to be completed. The refund will be issued via cheque except if the payment was made through Flywire. If the money is being refunded back to student, then an individual that is authorized to act on behalf of the student can make the request. If the refund cheque is being issued to anyone other than the student, then the student must indicate who the cheque is being issued to, and supply complete address information for where it is to be mailed.

If you are being issued a refund cheque, please deposit the cheque into your bank account right away. If at six months the cheque has not been deposited a stop payment will be put on the non-deposited cheque and the funds will be put back onto your student account and you will be charged a \$25 fee. King's will do its best to reach out to you with the contact information you have on file so we can reissue the remaining credit balance on your account.
